TRADE AND COMPERCE.

Tunnensy, May 31. Husiness for the month closing to-day has been Bash of Registal and the work being foodly has been entirely satisfactority is regard to the first of seasons his goods. The present week, however, is characterized by an unisual degree of dullness, which it is thought will pass away toward he close of the week. I slices have kept steady, there being few week. I slices have kept steady, there being few durtuations is report. In ports have been targe, though probably the month will slices a slight fellow of a compared with april. Receips of produce, as will be sembled, here been quite free and friends in that direction has been large. Freights show a degree of frames one thought of the sembled, here been quite free and two weeks ago, there so to tousine have caused two weeks ago, themes of tousines have caused two weeks ago, themes of tousines have caused the release of the sembled of

ing grain curyons, out times algors not up no sold. Freight are, if possible dutier than ever, and few if any, charters have theen made for some works back, whiteit longage is offering on all sides and is resultly recurrently at his parties and the resultly recurrently at his parties and the resultly recurrently at his parties and the resultly recurrently and how for they may afterward go is difficult to any after last year's superione. Thirty vessels suitinable for wheet are in port seeking.

Wheat in no local business being satirely neglected probably \$1.00 would be top figure. The foreign markets have shown much fonce this week, although no advance has been established. The weather has continued favorable to grawing crops all over the coast.
